Information on obtaining Employee Retention Credits offered through the Care's Act.

This is for companies with 2 to 500 full-time W-2 employees in 2020 and 2021 (not counting owners of 50% or more). The firm that Star Benefits recommends using is Jorns and Associates and they are seeing an average of \$15,000 per employee being returned in the form of checks to the employer to use however they wish.

Here is a link that includes a 7-minute video that explains the process and what to expect.
